

A letter to my friend the Cat from
Miggy

Dear Cat

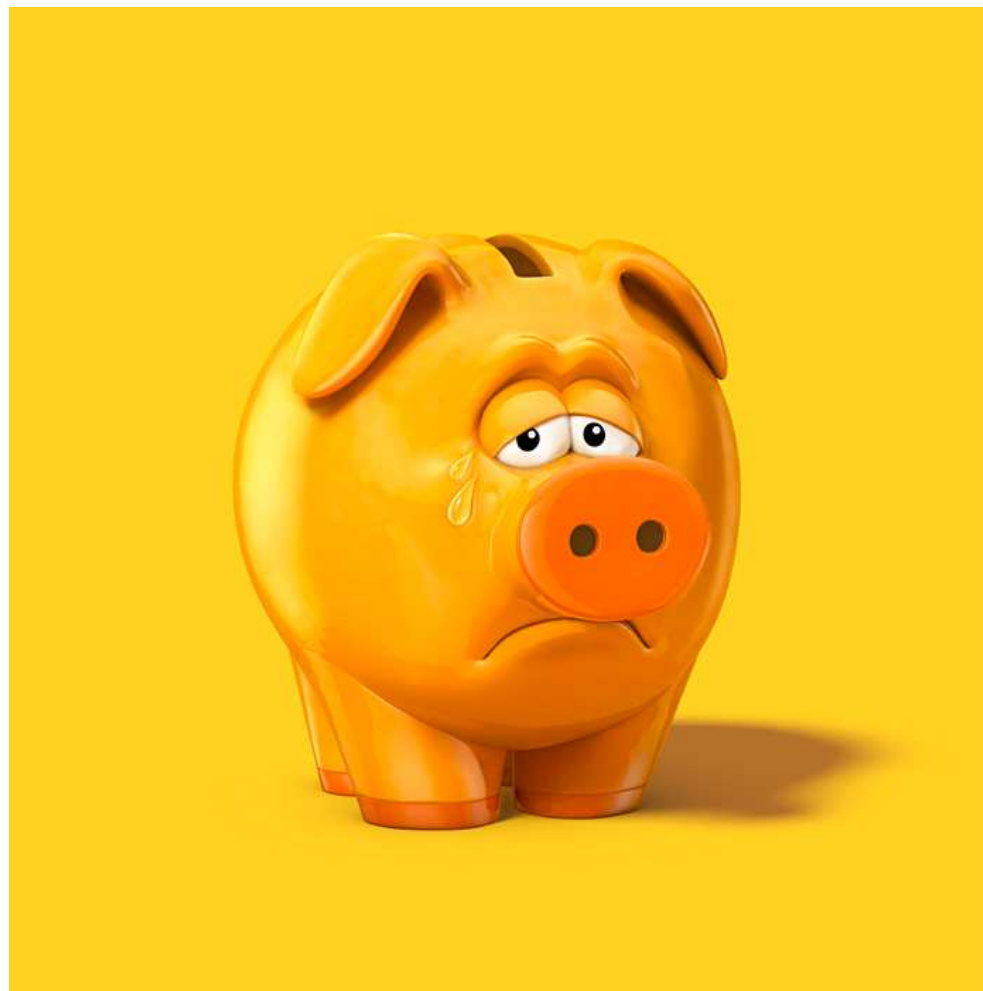

At ALRS XII in 2011 i was sure i would win...but no.

Wasn't bad luck after all

I just had the wrong ride..too slow on the ramp

I was disappointed.

I tried to improve..

I had some flights...even on a H motor
at a Kaltbrunn launch..

But nothing could give me the power
to beat you...

You are just too fast

So i had to find a solution!

I looked for some alternative...

with him i'm sure, that you as Cat
would be eaten very fast..but i prefer
to have you beaten on the field..

I got a ride on a jet...but i want acceleration and rocket power

Better not..

if i loose again..

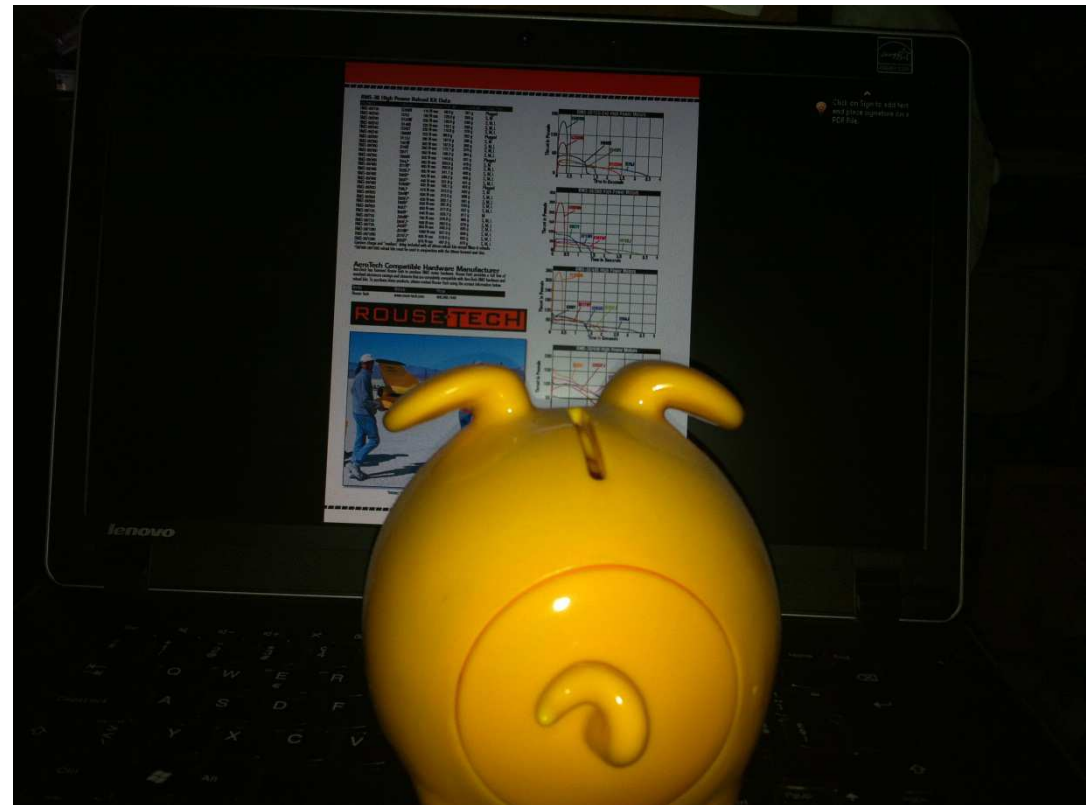

Whisky marinated Pig may be the next
«Haute cuisine» preferred dish...

So i starter to Study again..

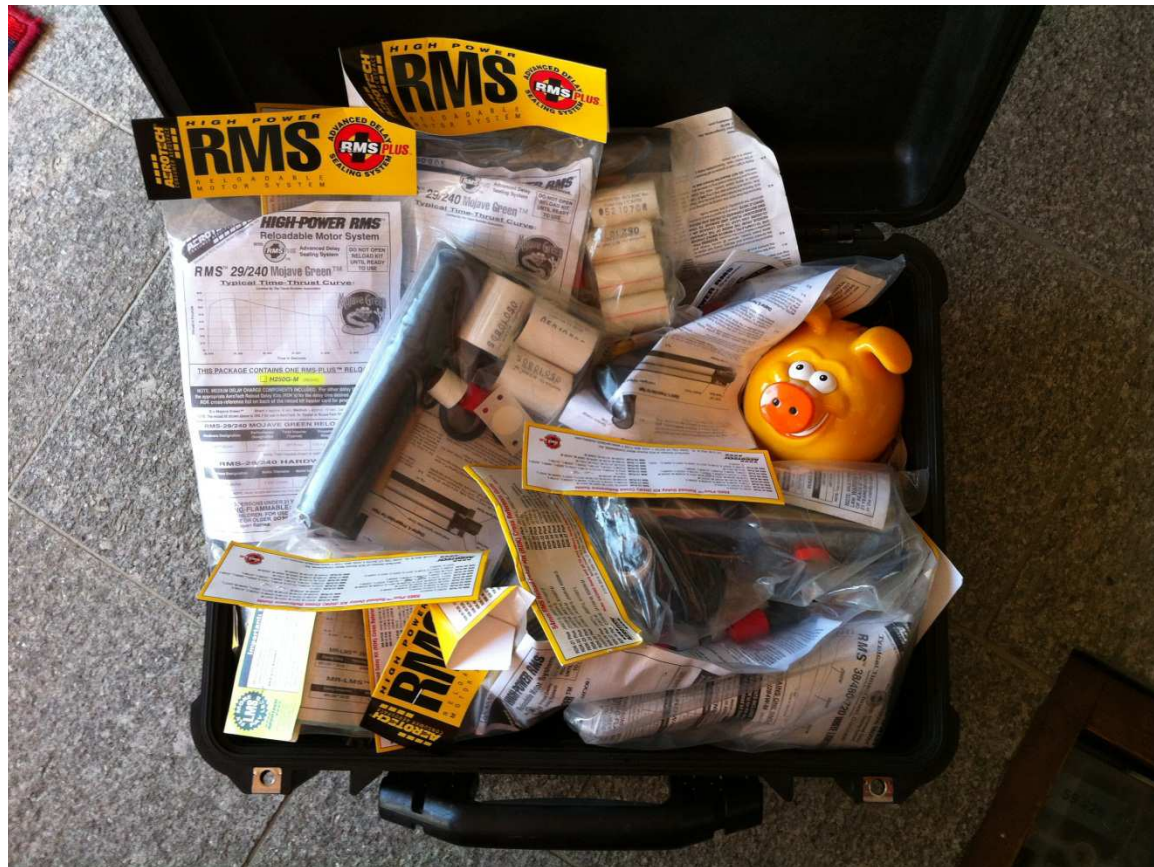

Specially to find the proper power to
beat you!

The proper motor..

I then went deep diving inside a motor box..looking for THE Motor..
i had to be careful...lot of Green Mojave rattlesnakes there!

Hurra!! I found it!

Here it is

The prope motor to beat you, my Cat friend

Now i needed a ride for me and the motor..
I went in the messy workshop looking around..
Mhhh

Yes!!!!!! I SEE IT!!!

A name..a Warranty!...a Winning one!!!

I couldn't resist

I had to take place

My friends Joined to Wish me Good
Luck!

My dear Cat...Are you ready to Race at
ALRS XIII?

Miggy
